

# Nola

**Nola is an oh-so-sweet 3 year old Catahoula/Red Heeler mix with a lovely personality and a heart of gold. This little girl truly never meets a stranger. Sadly, she was surrendered to a local shelter because her family was moving and she couldn't go with them to their new place. Nola gets along with other dogs, has a healthy respect for felines and loves all people, especially children. She's house trained, crate trained and walks beautifully on a leash. Her favorite things are car rides, walks and just cuddling close on the couch. Nola is gentle and affectionate but is sometimes given to the "zoomies" when she's especially happy. (And there are those gorgeous glacier blue eyes!)**

**Nola would make a wonderful addition to any kind of family that can give her the love that she so deserves.**
