

Isabelle

Meet Miss Isabelle (Izzy to her many friends!). This sweetheart is an adorable 4 year old Chihuahua who found herself in a really tough spot, through no fault of her own, until kind hearts at Pet Haven Veterinary Hospital stepped in and saved this precious soul and called Pack Life to help find her the perfect forever home. Ok, we admit that she's a wee one, compared to the rest of the Pack, but Izzy has personality and heart as big as any we've met. She's full of pep and loves to play, but she's a little cuddler too. Isabelle gets along with everyone—dogs, cats, kids, all people—and is a joy to be around. She's housetrained, kennel trained, and just has a “go with the flow” kind of attitude that makes her a favorite of all she meets. This happy girl has charmed everyone and deserves a wonderful home where she's safe and loved.
